*Silhouette Artist Lois Idol produces hand-cut silhouettes of individuals and groups. One of only 35 silhouette artists in the country, Lois creates those special "to the shoulder" silhouettes that will remind you of the ones you saw on the wall as a child. After creating those for several years, Lois took things to the next level, and is the only silhouette artist to feature full body and action silhouettes. She loves to capture a dancer or athlete in motion or a bride and groom exchanging vows or dancing.*

*Because she works from photographs, Lois has been creating memories nationwide. She can supply specific photo instructions to capture the desired image. If the event has already taken place, she can always select a picture taken at the event with a great profile. Individuals, bridal parties, dance troupes schools, preschools, and sports teams from all over the country hire her to immortalize their events. She also works with older photos to recapture old memories.*

*With the recent popularity in silhouetting, coupled with the small numbers of silhouette artists, Lois is also a much requested speaker. She is able to share some of the history of silhouetting, along with the inspirational story of how she became a silhouette artist. She feels very blessed to have a job that not only allows her to create treasured silhouettes, but also participate and become a part of so many people's special memories.*
