

Photo Instructions:

Already have a photo? Want to use it? Call me or e-mail me the photo. Have several? Not sure which is best? Show me 2 or 3 and I'll pick the best!

To receive an **Action Silhouette**, provide the action shot you would like captured – or have subject pose, and take picture!

To create a **Standard Silhouette**, I need a close side view picture of subject, facing to the right with no expression on face (not smiling!) and chin line parallel to the ground.
